

Romantic Dalian Event

中国·大连旅介会 Mar 10, Berlin

Dear Travel Partners and Friends,

I am delighted to personally invite you on behalf of the Dalian Municipal People's Government and the Dalian Municipal Tourism Administrative Bureau to this year's Romantic Dalian Event to be held during the upcoming ITB. Please find all the relevant details on the invitation below.

Best known for its long sandy beaches, villa resorts and succulent seafood, Dalian is positioning itself as an internationally recognized tourism destination. Dalian has a long standing reputation domestically as one of China's premier beach resort cities and its former European influence has left behind many classical European villas. These, combined with some of China's finest golf courses and golden beaches make Dalian one of the hottest newcomer on the international tourism scene in China. During this magnificent presentation you will have the opportunity to get a better understanding and insight into vibrant Dalian.

I very much look forward to welcoming you on 10th March to this great Romantic Dalian Event.

Best regards from Beijing,

Marcel Schneider
